TOPICS

- Photonic and optoelectronic materials
- Photovoltaics
- Catalytic and photocatalytic materials
- Nano- and Micro-sized materials for electronics
- Physics and technology of nanostructured semiconductors and superconductors
- Nanoparticle materials and nanolithography
- Physics and technology of carbon nanotubes and carbon-based materials
- Nanobiotechnology
- Nanotechnology Health & Safety
- Ab initio methods for nanospectroscopy
- Micro/Nano Electro Mechanical Systems (MEMS/NEMS): technology and applications
- Industrial applications of nanotechnology
- Magnetic materials and diluted magnetic semiconductors
- Organic, hybrid and composite materials
- Auxetics and other mechanical metamaterials
- Theory of Liquid and Amorphous Alloys
- Structure of disordered systems
- Physical properties of melts and amorphous alloys
- Simulation of structure and physical properties,

IMPORTANT DATES

**Registration and abstract submission
June 20, 2017**

**Abstract acceptance
June 30, 2017**

**Early payment
August 15, 2017**

**Last-minute registration and payment
September 25, 2017**

REGISTRATION AND ABSTRACT SUBMISSION

The abstract should be prepared using any common variant of TEX (e.g. Latex). A template with the Latex file source is included on the web page of the conference. All you need to do is just put the text of your abstract into the marked places in the template file.

The abstract template with instructions on registration and submission is available on the Conference Web Page <http://fnma.gda.pl>
